

## Our hire terms and conditions:

1. You need a large, flat area available to set up our Inflatables (3m by 4m including a 1m clearance around the inflatables), the area cannot be sloped at all. Please do not set up in muddy areas. Our Inflatables are currently secured by ground pegs, therefore must be set up on a soft surface (i.e grass/fine gravel). Please make sure your setup area is already clear of any garden furniture or any obstructing objects. At this present time, we cannot safely inflate our tents on concrete/hard surfaces.

2. We also need a power source available within 15m of the set up site. Extension cords, power boards will all be provided to run the set ups. If you don't have power available within 20m of the set up site, then it is your responsibility to source a generator.

3. Anything that can damage our inflatables (flammable or sharp objects) should be kept well away. Water/liquids should also not be consumed near any of our electrical gear.

4. **Payment of invoices:** All invoices need to be paid, in full, 7 days before your event. Non-payment in full, will mean your event is automatically cancelled.

5. **Cancellation:** Once an event is booked/paid for - any cancellation on the hirer's behalf will require a 50% cancellation fee (of the full invoiced amount).

6. **Weather:** Our inflatables are not waterproof, therefore if rain is scheduled the day of your event and you are booked outdoors, this will unfortunately be

automatically cancelled.

7. **Product Protection:** As we are leaving our gear with you (our Inflatables, extension cords and leads etc) it is the hirer's responsibility to ensure these are looked after and returned to us in the condition they are given. Any damage to our equipment may be invoiced to you and legal action may be pursued (if non compliant).

8. **Liability Waiver:** Bay Event Hire accept no liability from injuries or death that may occur due to misuse of our equipment.

9. Bay Event Hire do not provide fire extinguishers for unsupervised hire. This is the responsibility of the hirer to ensure adequate fire protection is available.

10. At the time of setup, a Responsibility Handover will be done with a team member and the hirer (or other suitable person). If this is refused, the booking will be cancelled and a 100% cancellation fee will occur and our goods will be removed from site.

Hiring from us shows your acceptance of the terms and conditions and we will ask if you have read and accept these before we confirm your booking.
